

SHARON PRITZ

TRUSTEE

Sharon purchased property at Wasa in 1976, and made Wasa her full time home in 2006 when she retired from a career as Nursing Supervisor.

Sharon believes that involvement in the Land Improvement District provides opportunities to increase her knowledge about the lake and the community. She strives to represent all property owners in the quest for a healthy lake that benefits everyone who relies on it for business, recreation, and a place to call home.

When she's not logging in hours as trustee, Sharon finds time to volunteer with the Wasa Lions, cheer on the Kootenay Ice, and enjoys spending time with her grandchildren.
