

DARREN PLESTED

TRUSTEE

Darren, a BC boy, born in Trail and raised in Cranbrook, spent much of his formative years exploring and enjoying the great outdoors including wonderful time on Wasa lake.

Darren's career took him to Asia, where he spent 18 years as a senior executive with DHL and head of global innovation for Nissan. Upon returning to Canada, Darren joined Deloitte as a consulting partner in Automotive and Mobility. Working closely with both private and public sectors, supporting governments establish policy and regulation. Eager to bring his expertise to the Wasa Lake Land Improvement District he has a keen interest in sustainability.

With a desire to create memories, liken to their own as children, Darren's family collaboratively purchased two properties in Wasa Lake, just down the beach from one another so that they can create cherished moments with their children, in the community they love, for years to come.
