

NOWELL BERG

TRUSTEE

The Berg family has owned property at Wasa Lake since 1950 and Nowell has been a full time resident for more than 3 years.

Following in his fathers footsteps, he became a trustee for the Land Improvement District and was elected to his 3rd term on the board on December 2, 2020.

Area residents have no doubt seen his story byline and photos in the Tri-Village Buzz over the years, where he provides news stories and interviews of local celebrities.

Responsible for much of the water monitoring the lake and river and is also working with the Columbia Basin Water Hub.
